

ISM2023
The ISM Annual Scientific Meeting
Binyanei Ha'uma, ICC, Jerusalem
May 23, 2023

SPONSORSHIP KIT

February 1, 2023

December 1, 2022

INVITATION

Dear Exhibitors and Sponsors,

Many fields of microscopy experience in recent years amazing developments, thus contributing significantly to the materials and life sciences.

With a legacy of over 50 years of activity and with a constantly growing vibrant community of microscopists, the Israel Society for Microscopy (ISM) takes an active part in these developments.

The annual meetings of the ISM have always been a good forum for microscopists to exchange knowledge and for students to learn from renowned scientists in the field. The ISM also has an established tradition of collaboration with vendors, from which we all benefit; trade exhibitions help us gain insights into the newest developments in microscopy by exposing cutting-edge instrumentation and techniques.

We are pleased to invite local and international companies to sponsor and/or exhibit at ISM2023. The traditional vendors' exhibition will be held on May 23rd, 2023, at Binyanei Ha'uma, ICC, Jerusalem. We expect more than 250 participants in the conference, including researchers and experts from local and international academia and industry.

The exhibition area is co-located with lunch and coffee breaks, offering direct scientific networking opportunities with meeting delegates.

We look forward to meeting you at ISM2023!

Sincerely,

Dr. Yaron Kauffmann
Chair, ISM
Electron Microscopy Center
