INVITATION

Dear Exhibitors and Sponsors,

In recent years, the microscopy field has undergone remarkable advancements and continuous growth, significantly contributing to both the materials and life sciences.

With over 50 years of activity and a dynamic, growing community of microscopists, the Israel Society for Microscopy (ISM) continues to play an active role in these developments. The ISM annual meetings provide a leading forum for knowledge exchange among researchers and a valuable learning opportunity for students to engage with world-renowned scientists.

The ISM also maintains a strong tradition of collaboration with industry partners, fostering mutual benefit through its vendor exhibitions, which showcase state-of-the-art instruments, technologies, and methods shaping the future of microscopy.

We are pleased to invite local and international companies to sponsor and/or exhibit at ISM2026. The traditional vendors' exhibition will take place on May 14th, 2026, at Expo Tel Aviv – International Convention Center (Pavilion 2), Tel Aviv. We anticipate over 250 participants, including researchers and experts from academia and industry, both local and international.

The exhibition area will be co-located with coffee breaks and lunch, providing excellent opportunities for direct interaction and scientific networking with meeting delegates.

We look forward to meeting you at ISM2026!

Sincerely,

Prof. Tamar Segal-Peretz
Chair, ISM
